

Pooled Programs

Franchise Package

Better Benefits for the Franchise Industry...

ClearBenefits.ca is a Specialty Group Benefits Provider
Exclusive pooled programs for groups of 2—20+

- **Essentials Program** - Most Affordable
- **Lifestyle Program** - Enhanced Coverage

Better Approach...

Our pooled programs balance quality coverage with stable rates, effectively eliminating the volatility common to most benefits plans for groups of 2 - 20+.

We use a “true insurance” approach towards benefits with a spread of risk across many clients, effectively transferring risk to the pool, delivering what clients expect a benefits plan should be.

Benefits and the Franchise Industry

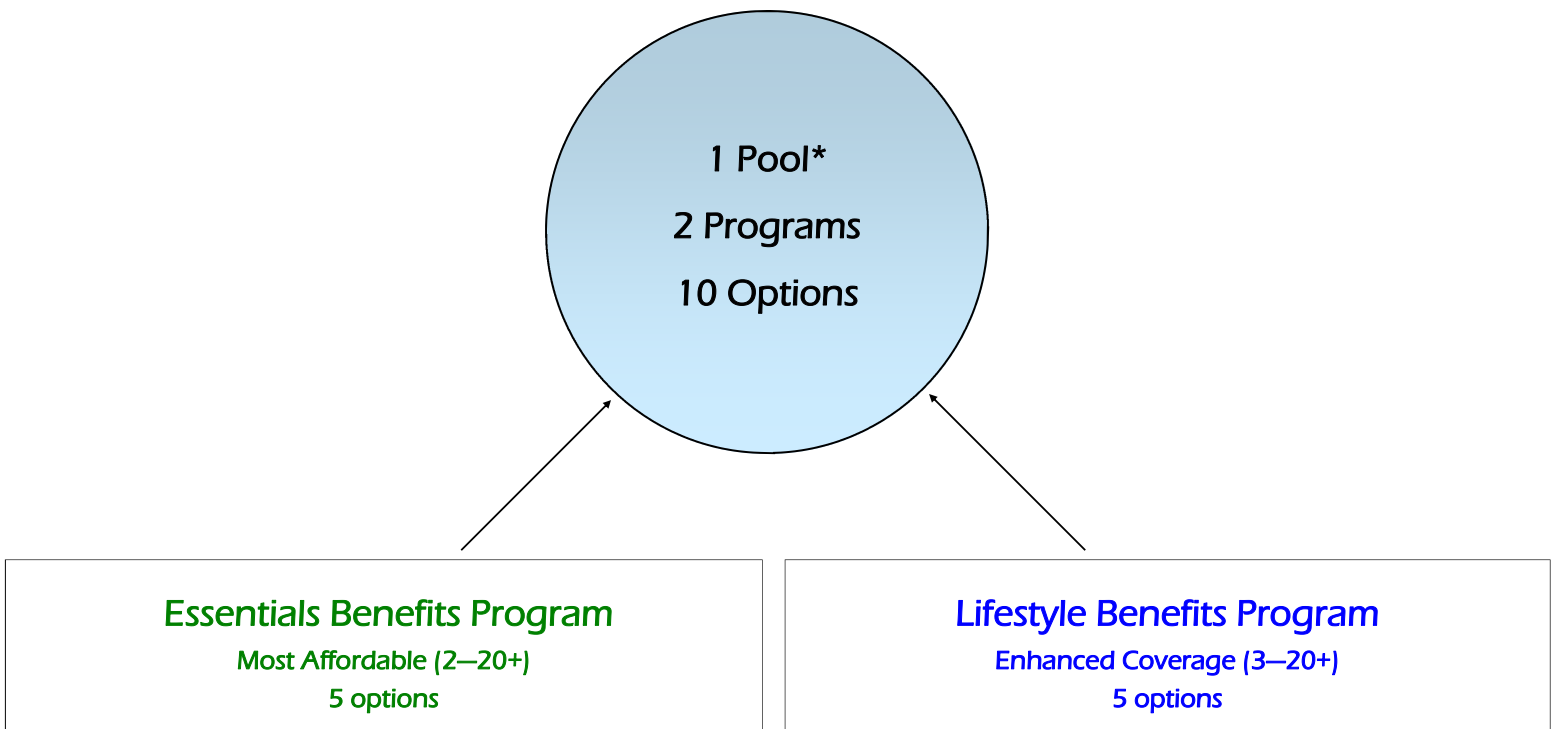

Franchise Organizations & Benefits

- Franchises are independently owned and operated businesses
- In order to arrange a benefits plan for a franchise organization, insurers typically require participation of the franchisor head office and all franchisees with the franchisor taking on administration and financial responsibility for franchisee premiums
- As franchisees are independent business owners, obtaining 100% franchisee participation is generally not possible, nor is central administration by the franchisor possible or preferable
- This leaves the standard method of underwriting each location separately, resulting in a lack of continuity rate continuity and stability throughout the organization

The Solution

ClearBenefits.ca Franchise Program ensure all locations have the same rate structure through pooled rates and claims, allowing for voluntary location participation and choice of coverage options, with franchisees responsible for their own premiums and administration.

We have one of the only programs that meet the unique needs of the Canadian franchise industry.

- ClearBenefits.ca takes the guesswork out of benefits through the spread of risk across many clients.
- No medical questions required*
*(unless applying for Life Insurance or Disability coverage that is in addition to any guaranteed non-evidence maximums)
- For groups of 2 or with more than 50% family content, we are pleased to offer Essentials Options 2, 4, 5

Clear Stability

Our Pooled Approach

In order to create stability for all participants of our programs, our pooled approach blends the factors that normally create rate volatility for traditional group plans:

- Initial pricing
- Claims
- Average age
- # of staff
- Gender mix
- Inflation trend

While the factors affecting the rates for individual groups can vary significantly from year to year, our pooled programs have a proven history of delivering rate stability for all clients making our plans easier to budget for.

Combined average annual rate adjustment:

- **7.23%** - 12 year average to June 2019

a few questions...

- **Will my employees want a plan?**

Overwhelmingly, YES. Almost all employees value a benefits plan far in excess of a cash raise.

- **Will my employees value the plan we choose?**

Employees always seem to appreciate a benefits plan that provides good value. They could now have affordable access to a wider variety of quality healthcare than they may normally afford for themselves and their families (i.e. dental, prescriptions, vision, chiropractor etc.)

A healthier workforce means fewer sick days and less disruption for your business.

- **Is the plan affordable?**

Employers are always pleased with how affordable our plans are.

We look at a variety of factors in order to match the right cost structure to your unique situation.

- **Should we share the cost of the plan with our employees?**

Most employers share the cost of a plan 50/50 with their employees.

Generally employees expect there will be a cost sharing of the plan.

- **Can the “couple” rate apply to a single parent with 1 eligible dependent?**

Yes. It can apply to a married couple, common-law spouses or a single parent with 1 eligible dependent.

- **Is there much on-going administration?**

Not really. Normal ongoing administrator functions are just regular maintenance; adding/deleting employee & dependent information and payroll deductions of the employee portion. Employees are responsible for reporting any changes to the plan administrator, and for privacy, employees submit claims directly to the insurer.

- **Will we have help with the initial set-up and on-going support?**

Yes! We utilize a structured approach from our initial contact to the ongoing service.

Our structured approach is designed to ensure your plan runs smoothly, is kept current, contains costs, and effectively eliminates common administrative issues that can arise.

- **How much will this cost?**

We find that if the employer's portion of the monthly premium is approx. 2.5—3.5% of payroll (based on a 50/50 cost sharing with the employees), both the employer and the employees are comfortable and feel they are getting good value. Depending on the option selected, this can be more affordable than a cash raise, with no additional EI, CPP or WCB contributions.

starting a benefits plan...

Which plan is right?

- Each client has unique circumstances and similar needs
- Clients typically ask for a plan that is affordable with quality coverage and stable rates
- We recommend selecting a plan you are comfortable with, you can always upgrade later

Pricing?

- Coverage levels directly affect rates
- Higher levels of coverage have higher premiums
- Decreasing levels of coverage have proportionately lower premiums
- Looking to contain costs? The only sustainable solution is to select a different coverage level

Pooled Programs

- ClearBenefits.ca pooled plans are ideal for clients wanting stable, predictable rates
- Shared risk through claims pooling makes our plans the easiest to budget for going forward
